

# Help Us Keep It Free.

Every resource, course, and program MSC offers is free. Your donation keeps it that way — and helps us expand the Healthcare Spanish Initiative to reach more learners, providers, and communities.

## WHY IT MATTERS

MSC was built on the belief that authentic, culturally grounded language education should be available to everyone — regardless of income, background, or zip code. That means no subscriptions, no paywalls, no premium tiers. But free programs aren't free to run. Donations fund curriculum development, community events, advocacy work, and the platform that keeps everything accessible.

*"Language barriers in healthcare aren't a vocabulary problem — they're an equity problem. When a patient can't communicate their symptoms authentically, and a provider can't understand what they actually mean, lives are at risk. MSC exists to close that gap, for free."*

— Jake Li, CEO & Founder, Make Spanish Casual
