

Make Spanish Casual

LANGUAGE ACCESS · 501(C)3 NONPROFIT · EST. 2023

FREE

DFW-BASED

"Language is access."

OUR MISSION

Make Spanish Casual advances equitable language access by providing free, culturally authentic Spanish education — with a particular focus on healthcare settings where language barriers directly affect the quality and safety of care.

THREE PROGRAMS. ONE MISSION.

PROGRAM 01

Healthcare Spanish Initiative

Free training in culturally authentic medical Spanish for pre-health students, providers, and community health workers. Built on language acquisition research and designed for where communication failures cost lives.

HSI

PROGRAM 02

Community Learning Platform

Free courses, resources, games, and cultural content for any learner who wants to connect with the Spanish actually spoken in communities — not textbook Spanish.

CLP

PROGRAM 03

Language Access Advocacy

Community events, policy advocacy, and partnerships that advance language access as a civil right — working across healthcare, education, and civic spaces in the DFW area and beyond.

ACTIVE PROGRAMS

WHO WE SERVE

- **Pre-Health Students**
Future providers learning the language their patients actually speak
- **General Learners**
Anyone who wants authentic, culturally grounded Spanish
- **Educators**
Teachers integrating cultural and healthcare contexts
- **Healthcare Providers**
Physicians, nurses, and CHWs seeking cultural communication skills
- **Heritage Speakers**
Learners building on home-language knowledge
- **Organizations**
Healthcare systems, universities, schools seeking language equity
